

## Mail-In Donation

**Your gift to ProtonPals will make a difference --- now and in the future—**by helping create a resource for education and support of newly diagnosed prostate cancer patients. It will provide information to enable patients to assume an informed, essential and assertive role on their health care team. A portion of the funds will be donated to the University of Texas Cancer Center to support research in Proton Therapy.

Please print this form, complete the following information and mail with your donation to the address below.
